
Fibre is on its way to 211 more homes at Cluculz Lake.

*The project area is growing, and every address in it is included.
The build rolls out in phases, so each area comes online as
construction reaches it.*

211

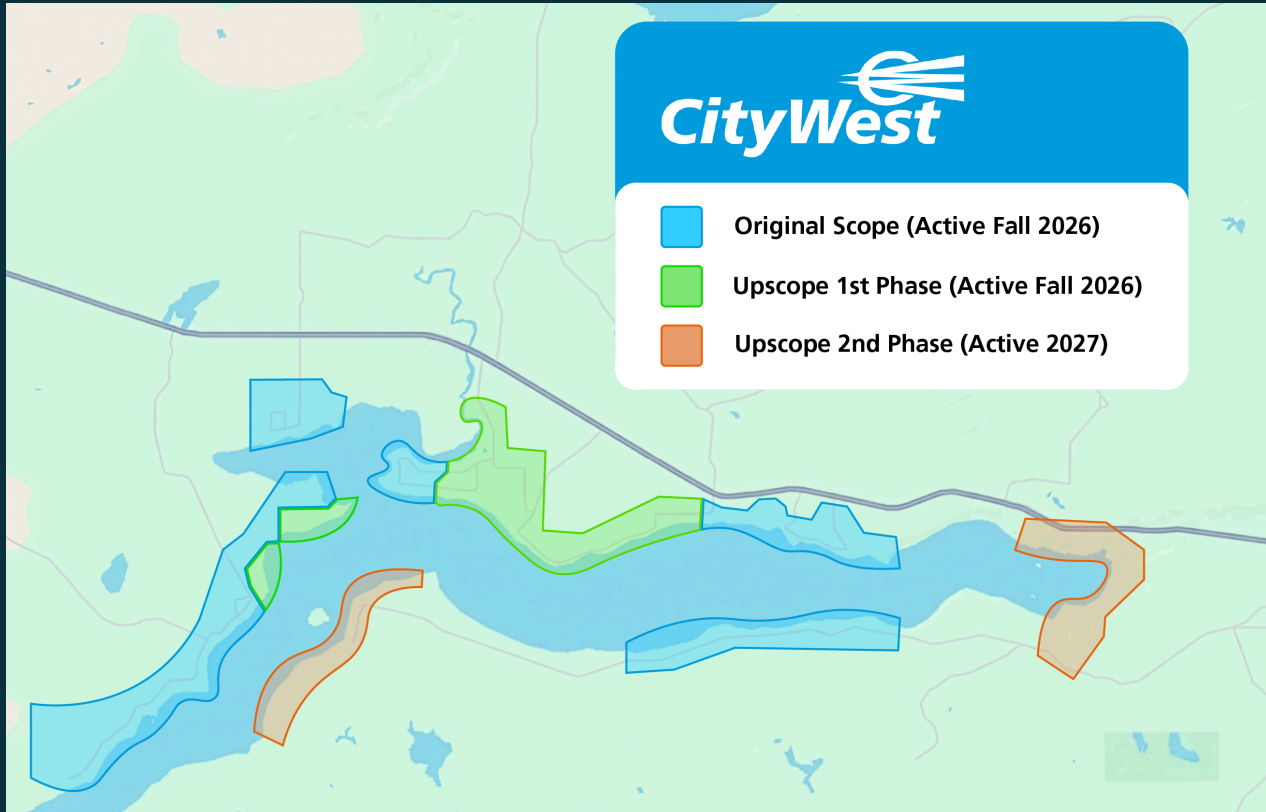

additional homes
added to the project

\$1.5M

invested by the Province
of British Columbia
through NDIT

Find your home on the map

The project rolls out in phases. The map below shows the project areas and when each one is expected to come online.

CityWest project map. Every coloured area is part of the project — the colour tells you which phase it is in.

Original Scope

EXPECTED ACTIVE FALL 2026

The blue areas — the project as originally scoped.

Upscope 1st Phase

EXPECTED ACTIVE FALL 2026

The green areas — part of the 211-home expansion, on the same timeline as the original scope.

Upscope 2nd Phase

EXPECTED ACTIVE 2027

The orange areas — the remainder of the expansion, expected to become serviceable in 2027.
