**ADJOURNMENT**

# Regional District of Bulkley-Nechako

**To:** Board of Directors  
**From:** John Illes, Chief Financial Officer  
**Date:** March 11, 2021  
**Re:** Budget Bylaw – Five Year Financial Plan (2021 – 2025)

---

## **Recommendation (All/Directors/Majority):**

That the Regional District of Bulkley-Nechako Five Year Financial Plan Bylaw No. 1941, 2021 be given first two readings.

## **Background**

As per the *Local Government Act*, Regional Districts must approve their budget bylaw by March 31<sup>st</sup> of each year. Third reading (as amended) and adoption of this bylaw is scheduled for March 25<sup>th</sup>.

Leading up to the first two readings of the Bylaw, the Board previously reviewed drafts of the 2021 budget, with the final draft information presented at the Feb. 25, 2021 Board meeting. At this meeting, the Board supported bringing the 'Scenario 2' draft budget forward with further clarification on the strategic priorities regarding additional internal capacity for human resources, communications and First Nations portfolios. The memo on the special in-camera agenda further describes these initiatives.

The summary of the 2021 total RDBN requisition amounts (property and parcel taxes) have a total increase of 1.82% or \$198,425 over the total amount when compared to 2020. The non-market (new revenue) increase in 2021 is approximately 3.51% or \$200,000. This results in a 2021 budget that provides an actual net overall RDBN taxation decrease of -1.69% (1.82% - 3.51%).

Best practice in developing local government budgets and taxation schemes is to not subsidize new taxpayers out of the back pocket of existing taxpayers. For example, when a local government wants to increase taxes by 2%, you first add the non-market (new taxpayer) to the revenue generated last year (existing taxpayer) and then add the 2%.

Of the \$198,425 increase in the total requisition, \$130,405 of this is for the areas participating in the new Parks and Trails Service. This new service accounts for a taxation increase in a range between 1.0% and 2.7% for those jurisdictions.

In 2020, the Board approved the Accounting for Administrative Overhead Policy which brought about a more representative cost accounting approach to the services provided

by the RDBN. This facilitated a more appropriate administrative charge (overhead allocation) for these services. If the 2021 assessments and operating budgets remained relatively the same across the region, this would have resulted in an overall estimated 2% taxation decrease for municipalities, and a 2% increase for rural electoral areas (varying depending on the number of services in each electoral area).

BC Assessment is estimating the release of the “2021 Revised Assessments” on March 31, 2021. Legislation requires that requisitions be based on the revised assessments, a budget amendment will need to be done at the Board meeting in April to reflect the minor assessment changes between the “Completed Assessments” released in early January to the “Revised Assessments” released at the end of March.

## Budget Updates

The following minor service budgets are not yet available and may be provided under separate cover as a supplemental item to amend the bylaw as attached prior to the first two readings, or prior to the meeting on March 25<sup>th</sup>: Smithers Rural Fire and Smithers Arts and Culture. These items are pending Smithers Council discussions. The budgets are tentatively included in the bylaw with an estimated 2% requisition increase.

Included with this package is the updated Projected Tax Rates for Major Regional District Services. This includes updated year end amounts which have slightly decreased the taxes from the previous presentation.

Included with this package is a Total Requisition Summary – By Jurisdiction. The first page is a jurisdiction summary. Included with this summary is the non-market and market change for each Municipality and Electoral Area. These figures are “non-weighted”. If the percentage requisition increase is less than the non-market increase for that jurisdiction, then in that jurisdiction the average tax per average household will decrease. For each jurisdiction, an approximation of the tax increase (%) from last year can be calculated by taking this year’s tax increase (%) and subtracting by the non-market change (%).

For the entire Regional District, the figures for non-market and market increases are weighted. The requisitions for specified areas, parcel taxes, frontage taxes, defined areas and service areas were all expected to go up this year (approx. 2% on average) as a result of the new Accounting for Administrative Overhead Policy as previously mentioned. With the requisitions, some minor services that cover an entire electoral area (or municipality) are included in that jurisdiction’s requisition – some examples include Lakes District Arts and Culture, Local Economic Development Services, and the Bulkley Valley Pool. The only “defined area” that the Regional District has is the Building Inspection Service.

Taxing jurisdictions are not necessarily entire electoral areas – Area C and D are split into two jurisdictions and Area G is split into three. All of these jurisdictions have their open separate non-market and market changes and are impacted by different

assessment estimates and often different provincial tax rates (such as rural road tax and police tax).

To illustrate the impact of the market and non-market changes between jurisdictions (the “assessment shift”) an analysis showing the difference in jurisdictional requisition between 2020 and 2021 if there was a constant \$1,000,000 in tax requisition that is shared by the whole Regional District and apportioned by assessments (such as Environmental Services) in each of the years.

The Regional District is unable to control the impact of the changes in assessment between different jurisdictions.

## REGIONAL DISTRICT OF BULKLEY NECHAKO STAFF REPORT

**TO:** Chair Thiessen and Board of Directors  
**FROM:** Lindsay King, FireSmart Educator  
**DATE:** March 11, 2021  
**SUBJECT:** Stream 3 Community Resiliency Investment Grant Funding Letter of Recommendations

### **RECOMMENDATION:**

1. That the Board advocate for RDBN residents by sending a letter to the Minister of Forests, Lands, Natural Resource Operations & Rural Development, detailing concerns with restrictions on the Stream 3 CRI Grant, specifically the inability to use private contractors to complete fuel mitigation activities.

**VOTING:** All/Directors/Majority

### **EXECUTIVE SUMMARY:**

The stated objectives of the CRI Stream 3 Grant are to "support immediate job creation in order to build local wildfire resiliency and assist communities in recovering from economic impacts of the COVID-19 pandemic." However, to be eligible for labour costs to provide services to people over 65 and those with disabilities, the RDBN must employ fuel mitigation staff internally.

Staff have prepared a letter to the Minister of Forest, Lands, Natural Resource Operations & Rural Development outlining the Protective Service Department's concerns with the restrictions imposed by the CRI Stream 3 Funding, particularly the requirement that all employment opportunities be within government.

## **BACKGROUND:**

The Stream 3 CRI grant would provide 100% of the approved grant application cost, to a maximum of \$500,000.00. The following opportunities are eligible for the grant application.

- Labour costs associated with shrub, brush, and woody-debris removal for residents aged 65+ and those with mobility issues.
- Labour costs associated with shrub, brush, and woody-debris removal for farmer and ranch-owners aged 65+ and those with mobility issues.
- Labour costs for Neighbourhood Champions undertaking activities required for FireSmart Canada Neighbourhood Recognition.
- Building materials and labour costs for FireSmart projects for critical infrastructure including:
  - reception centers;
  - group lodging locations;
  - water pump stations;
  - communications towers; and
  - electrical generating stations.
- Equipment for fuel mitigation projects, including handsaws, loppers, ladders, and PPE (to a maximum of \$3000).
- Training in First Aid, Basic Power Saw Safety, Danger Tree Assessment Certification, Basic FireSmart Landscaping, and Archeological Site Identification, including instructor fees, course fees, and travel expenses.

## **LETTER OF RECOMMENDATION:**

For the labour costs listed above to be eligible for funding under this grant, the staff must be employed full-time by the RDBN. The RDBN is not permitted to use private contractors for this work. This is problematic because fuel mitigation work would depend on voluntary requests for home assessments, so it is difficult to appropriately plan and staff for. The RDBN would be liable for staff wages when there was insufficient demand for their work under the funding program. There is also no guarantee that similar funding will be available in the future.

Furthermore, the RDBN cannot apply for funding to purchase chainsaws, structural protection equipment, major capital items, or major fire apparatuses. Grant funding for fuel mitigation activity equipment is limited to \$3,000, which could outfit approximately two individuals. While incremental costs (such as supervisory costs) would be eligible for funding under this grant, this work's unfamiliar nature and potential scope would necessitate a significant administrative workload.

Given the limited and restricted resource funding, the unfamiliar nature of the work, and the unsure workload, this grant funding can be viewed more as a liability to local governments than a source of employment opportunity. It is unclear why this grant funding is restricted to the public sector since the above concerns do not apply to the private sector. Private contractors who could complete this work would have the necessary equipment, management, and experience. The Protective Services Department has drafted a letter to the Ministry of Forests, Lands, Natural Resource Operations & Rural Development outlining this recommendation for the Board's consideration.

Re: Stream 3 CRI Grant Funding Restrictions

Dear Minister Conroy,

The Regional District of Bulkley-Nechako (RDBN) presents in this letter some concerns regarding the FireSmart Economic Recovery Fund (CRI Stream 3). The stated intent of this funding is to "support immediate job creation in order to build local wildfire resiliency and assist communities in recovering from economic impacts of the COVID-19 pandemic." Many of the employment opportunities eligible for funding, however, require the local government to hire full-time positions. The RDBN is concerned that CRI Stream 3 funding unfairly favours the public sector at the expense of employment opportunities for the private sector. The RDBN also believes that the private sector is best situated to deliver fuel mitigation services more efficiently and cost-effectively.

The use of private contractors to complete fuel mitigation activities, as outlined in Section A, Table 1 of the 2021 Program & Application Guide, would create employment opportunities in the private sector in the same way it would in the public sector. Often, local governments do not have the internal capacity to conduct a fuel mitigation program adequately or efficiently. The RDBN, for example, has no landscaping/brushing equipment and no staff experienced with landscaping/brushing. Alternately, the private landscaping and brushing sectors have the experience, knowledge, equipment, and supervisory structures to excel in this area.

Furthermore, private contractors ostensibly have other clients and contracts and so can pivot between them as needed. This flexibility is important because the fuel management work outlined in Section A, Table 1, is dependent on requests for home assessments and subsequent requests for fuel mitigation services. Therefore, a local government applying for Stream 3 funding cannot guarantee any fuel mitigation work and does not have other fuel mitigation work to delegate to staff hired through this program. In applying for this grant, local governments run the risk of under-implementing staff hired through this program and having to subsidize their wages through local government funds. In this light, CRI Stream 3 funding is a financial liability for local governments rather than assured job creation.

The RDBN believes that CRI Stream 3 funding, specifically for fuel mitigation activities as described under Section A, Table 1, would create more effective and efficient employment by allowing local government to partner with private contractors.

The RDBN recommends that local governments be permitted to administer fuel mitigation activities like the FireSmart Home Rebates (Stream 1) program, by utilizing private sector resources to provide fuel mitigation services.

## REGIONAL DISTRICT OF BULKLEY NECHAKO STAFF REPORT

---

TO: Chair Thiessen and Board of Directors  
FROM: Lindsay King, FireSmart Educator  
DATE: March 11, 2021  
SUBJECT: Stream 3 Community Resiliency Investment Grant Funding Opportunity

---

### **RECOMMENDATION:**

1. "That the Board support the submission of an application to the Stream 3 Community Resiliency Investment (CRI) Grant for additional training opportunities and Neighbourhood Champion labour costs for \$17,250.

And the Board understands that if the grant is approved, the RDBN will receive and manage the grant funding, and commits to any associated ineligible costs and cost overruns."

**VOTING: All/Directors/Majority**

---

### **EXECUTIVE SUMMARY:**

The RDBN's Stream 1 CRI grant, submitted October 9, 2020, was approved for \$444,280.00 on February 9, 2021.

On January 29, 2021, the Province of British Columbia issued a new Stream 3 CRI grant opportunity that provides new initiatives that were not included in the Stream 1 CRI grant application. The deadline for the RDBN to apply for this additional funding is March 19, 2021.

## **BACKGROUND:**

The RDBN received funding from the CRI for its 2020 FireSmart Program. Despite the pandemic, the RDBN has continued to successfully promote the FireSmart program through home assessments, webinars, social media, Farmer's Markets, and outdoor events throughout the region. To date, the FireSmart Educator has completed 97 FireSmart Home Assessments and administered \$10,756.84 in FireSmart Home Rebates.

On February 9, 2021, the RDBN received approval for \$444,280 funding through the Stream 1 CRI Grant. This grant includes funding for a FireSmart Home Assessment and Rebate Program, public education materials and outreach initiatives, development of a Community Wildfire Resiliency Plan, and Critical Infrastructure Assessments.

## **STREAM 3 CRI GRANT OPPORTUNITY:**

The Stream 3 CRI grant would provide 100% of the cost of an approved grant application, to a maximum of \$500,000.00. The following opportunities are eligible for grant application.

- Labour costs associated with shrub, brush, and woody-debris removal for residents aged 65+ and those with mobility issues.
- Labour costs associated with shrub, brush, and woody-debris removal for farmer and ranch-owners aged 65+ and those with mobility issues.
- Labour costs for Neighbourhood Champions undertaking activities required for FireSmart Canada Neighbourhood Recognition.
- Building materials and labour costs for FireSmart projects for critical infrastructure including:
  - reception centers;
  - group lodging locations;
  - water pump stations;
  - communications towers; and
  - electrical generating stations.
- Equipment for fuel mitigation projects including handsaws, loppers, ladders, and PPE (to a maximum of \$3000).
- Training in First Aid, Basic Power Saw Safety, Danger Tree Assessment Certification, Basic FireSmart Landscaping, and Archeological Site Identification including instructor fees, course fees, and travel expenses.

## **STREAM 3 CRI GRANT RECOMMENDATIONS:**

The RDBN recommends that the board support a grant application for the following items.

1. Neighbourhood Champion labour costs (~5hrs/Neighbourhood Champion x ~10 FireSmart Neighbourhoods = \$1,250).
2. Danger Tree Assessment Certification (\$500 x ~20 Mitigation Specialists = \$10,000).
3. Basic FireSmart Landscaping (~\$150 x ~20 Mitigation Specialists = \$3,000).
4. Archeological Site Identification (~\$150 x ~20 Mitigation Specialists = \$3,000).

## REGIONAL DISTRICT OF BULKLEY NECHAKO STAFF REPORT

---

**TO:** Chair Thiessen and the Board of Directors  
**FROM:** Jason Blackwell, Regional Fire Chief  
**DATE:** March 11, 2021  
**SUBJECT:** Vanderhoof Rural Fire Protection Agreement – January 1, 2019 to December 31, 2023

---

### RECOMMENDATION:

1. That the Board authorize the Board Chair and the Chief Administrative Officer to sign the Vanderhoof Rural Fire Protection Agreement for a 5-year term.

**VOTING:** All/Directors/Majority

---

### EXECUTIVE SUMMARY

The agreement between the Regional District and the District of Vanderhoof to provide fire services to the Vanderhoof Rural Fire Protection Service Area expired on December 31, 2018. Staff have drafted a new 5-year agreement from January 1, 2019 to December 31, 2023.

The agreement renewal has been delayed due to a variety of factors. The agreement contains the updated fee for service schedule, and a one-time Capital Reserve payment of \$38,500. This is a result of transferring the Capital Reserve from the Regional District to the District of Vanderhoof.

**Vanderhoof Rural Fire Service Agreement**

THIS AGREEMENT DATED FOR REFERENCE THE \_\_ DAY OF \_\_\_\_\_, 2021  
BETWEEN:

Regional District of Bulkley-Nechako  
P.O. Box 820  
Burns Lake, British Columbia  
VOJ IE0  
(the "Regional District")

OF THE FIRST PART

AND:

District of Vanderhoof  
160 Connaught Street  
Vanderhoof, British Columbia  
VOJ 3A0  
(the "Municipality")

OF THE SECOND PART

WHEREAS:

- A. The Regional District may by bylaw establish and operate a service under the provisions of section 332 of the Local Government Act to provide fire protection and suppression services.
- B. The Regional District has adopted "Vanderhoof Rural Fire Protection Service Establishment Bylaw No. 755, 1993" which provides for the provision of fire protection and suppression services for a portion of Electoral Area "F" by way of a contractual agreement with the Municipality.
- C. Under section 23 of the Community Charter, the Municipality may make agreements with a public authority respecting the undertaking, provision and operation of activities, works and services within the powers of a party to the agreement.
- D. The District of Vanderhoof agrees to provide for the continuation and operation of the Vanderhoof Fire Department to supply firefighting services outside the Municipality's boundaries as outlined in schedule A.
- E. The Regional District and the Municipality entered into an agreement dated January 1, 2014 pursuant to which the Municipality agreed to provide fire protection and suppression services to the residents of the Vanderhoof Rural Fire Protection Service Area, which agreement expired on December 31, 2018 and the parties wish to renew the agreement for a further five years.
- F. NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the premises and of mutual covenants and agreements herein contained, the parties hereto covenant and agree each with the other as follows:

**TERM OF AGREEMENT**

1. The term of this Agreement is from January 1, 2019 to December 31, 2023 (the "Term").

**SERVICE TO BE PROVIDED**

2. The Municipality agrees to provide fire protection and suppression services for and to the residents of the "Vanderhoof Rural Fire Protection Service Area" shown on Schedule "A" to "Vanderhoof Rural Fire Protection Service Establishment Bylaw No.

755, 1993" (the "Rural Service Area") in the same manner and to the same extent as such services are provided to the residents of the Municipality, except as provided otherwise in this Agreement, and taking into account that differing supplies of water may exist within the Municipality and in the Rural Service Area. Without limiting the foregoing, the parties acknowledge that the Rural Service Area is not serviced with fire hydrants and that neither party is obliged to install or make available a system of fire hydrants within the Rural Service Area. The Municipality agrees that Vanderhoof Fire Department fire fighting apparatus, equipment and personnel shall be dispatched and deployed in a manner that maximizes the effectiveness of the Services that can be provided, in light of the limitations on the availability of water for fire fighting purposes within the Rural Service Area.

3. The Municipality agrees to operate its Fire Department and provide the Services in compliance with all laws, statutes, regulations, by-laws, and orders of all authorities having jurisdiction.

#### CAPITAL RESERVE FUND

4. The Regional District will make a one-time Capital Reserve payment on or before August 10, 2021 in the amount of \$38,500.

#### ANNUAL FEE FOR SERVICE

5. On or before August 10th of each year during the Term the Regional District shall pay a service fee to the Municipality (the "Service Fee") as follows:

- 2019 – \$35,915;
- 2020 – \$35,915;
- 2021 – \$37,732, plus \$1,077 adjustment (2020 retroactive payment);
- 2022 – \$38,487;
- 2023 – \$39,257.

The Service Fee is all inclusive of the operational and capital expenditures of the Municipality required in the delivery of fire protection and suppression services in the Rural Service Area.

#### CONSULTATION

6. The Municipality shall periodically update, advise and coordinate with the Regional District, and in particular with the Electoral Area "F" Director, on the delivery of fire protection and suppression services in the Rural Service Area.

#### RECORD OF FIRES

7. The Vanderhoof Fire Department shall keep a record of fires within the District of Vanderhoof and the Rural Service Area for the benefit and information of both the Municipality and the Regional District. The Regional District and the Municipality acknowledge and agree that the printed, electronic and other records produced and maintained by the Municipality for the purpose of or in connection with the provision of the Services are records for the purpose of the Freedom of Information and Protection of Privacy Act and the parties agree to work together cooperatively and in a timely manner to ensure each party discharges its statutory duties under that Act.

#### INDEMNITY

8. The Municipality shall indemnify and save harmless the Regional District from any and all liability arising out of the provision by the Municipality of the fire protection

and suppression service contemplated by this Agreement and that arise from or are contributed to by the negligence of the Municipality, its officers, employees, agents or contractors.

9. The Regional District shall indemnify and save harmless the Municipality from any and all liability arising from the provision by the Municipality of the fire protection and suppression service contemplated by this Agreement and that arise out of or are contributed to by the negligence of the Regional District, its officers, employees, agents or contractors.

## GENERAL PROVISIONS

10. Time shall be of the essence for this Agreement.
11. This Agreement shall not be assigned by any of the parties.
12. Nothing in this Agreement shall be interpreted as creating an agency, partnership or joint venture among or between the parties.
13. This Agreement will enure to the benefit of and be binding upon the parties and their respective heirs, administrators, executors, successors, and permitted assignees.
14. The waiver by a party of any failure on the part of the other party to perform in accordance with any of the terms or conditions of this Agreement is not to be construed as a waiver of any future or continuing failure, whether similar or dissimilar. A waiver must be in writing to be effective.
15. The headings in this Agreement are inserted for convenience and reference only and in no way define, limit or enlarge the scope or meaning of this Agreement or any provision of it.
16. This Agreement is to be construed in accordance with and governed by the laws applicable in the Province of British Columbia.
17. This Agreement may be executed in counterparts and when the counterparts have been executed by the parties, each originally executed counterpart, whether a facsimile, photocopy or original, will be affected as if one original copy had been executed by the parties to this Agreement.

IN WITNESS THEREOF the said parties hereto have hereunto affixed their seals the day and year first above written.
