## So they won't accept my stuff....

If an item isn't able to be left at the reuse shed, you might be able to recycle it!

End-of-life programs are available for the following items:

- Electronics (Televisions, stereos, computer equipment, cameras, phones {cellular & non-cellular} and video gaming equipment)
- Small appliances and power tools (kitchen countertop appliances, vacuums and personal grooming tools, circular saws and drills)

There isn't a depot for **electronics or small appliances** in Fort St. James at the moment. If you're headed to **Vanderhoof, Nechako Valley Secondary School Bottle Depot** will take your electronics. If you're headed to **Prince George, the PG Recycling and Return-It Centre** will take your small appliances and power tools. The more we can recycle, the less that lands up in our landfills!!

Automotive batteries are accepted at the Fort St. James Transfer Station, as well as Riverside Repairs.

Used oil & filters and used antifreeze can be returned to Riverside Repairs as well. Tires can be taken to Kal Tire.
