NEW BUSINESS

ADJOURNMENT

REGIONAL DISTRICT OF BULKLEY-NECHAKO**MEETING NO. 6****Thursday, April 30, 2015**

PRESENT: Chair Bill Miller

Directors Taylor Bachrach
Eileen Benedict
Shane Brienen
Mark Fisher
Dwayne Lindstrom
Rob Newell
Mark Parker
Jerry Petersen
Darcy Repen
Luke Strimbold – left at 1:26 p.m.

Directors Absent Tom Greenaway, Electoral Area “C” (Fort St. James Rural)
Thomas Liversidge, Village of Granisle
Rob MacDougall, District of Fort St. James
Gerry Thiessen, District of Vanderhoof

Alternate Director Bob Hughes, Electoral Area “C” (Fort St. James Rural)

Staff Gail Chapman, Chief Administrative Officer
Cheryl Anderson, Manager of Administrative Services
Janine Dougall, Director of Environmental Services
Deborah Jones-Middleton, Protective Services Manager – left at 2:30 p.m.
Jason Llewellyn, Director of Planning – arrived at 11:35 a.m., left at 1:57 p.m., returned at 2:15 p.m.
Laura O’Meara, Senior Financial Assistant – arrived at 10:43 a.m., left at 12:03 p.m.
Corrine Swenson, Manager of Regional Economic Development – left at 11:54 a.m.
Wendy Wainwright, Executive Assistant

Others Justus Benckhuysen, Nechako Operations Coordinator, Rio Tinto Alcan – left at 11:21 a.m.
Allison Beswick, RHB Schmitz de Grace – Teleconference – 12:00 p.m. to 12:04 p.m.
Caden Forster, Smithers – left at 1:29 p.m.
Don Giddings, Smithers – left at 1:29 p.m.
Dan Kerr, Telkwa - left at 1:29 p.m.
Aaron Miles, Smithers - left at 1:29 p.m.
Alan Miles, Smithers - left at 1:29 p.m.
Lianne Olson, Stakeholder and Community Relations Liaison, Rio Tinto Alcan – left at 11:21 a.m.
Tom Shelford, Francois Lake
Marlene Sutherland, Smithers - left at 1:29 p.m.
Heather Wall, Smithers - left at 1:29 p.m.
Fred Wilson, Smithers – arrived at 10:45 a.m., left at 2:07 p.m.

CALL TO ORDER

Chair Miller called the meeting to order at 10:36 a.m.

AGENDA & SUPPLEMENTARY AGENDA

Moved by Director Strimbold
Seconded by Director Repen

2015-6-1

"That the agenda of the Regional District of Bulkley-Nechako Board meeting of April 30, 2015 be approved; and further, that the Supplementary Agenda be received and dealt with at this meeting."

(All/Directors/Majority)

CARRIED UNANIMOUSLY

MINUTES

Board Meeting Minutes
-March 26, 2015

Moved by Director Fisher
Seconded by Director Bachrach

Committee
Meeting Minutes

Moved by Director Benedict
Seconded by Director Petersen

2015-6-4

"That the Regional District of Bulkley-Nechako Board of Directors receive the following Committee Meeting Minutes:

- Committee of the Whole Meeting Minutes
 - April 16, 2015 (Unapproved);
- Committee of the Whole Meeting Minutes
 - March 12, 2015;
- Forestry Committee Meeting Minutes
 - April 16, 2015 (Unapproved);
- Forestry Committee Meeting Minutes
 - March 12, 2015;
- Rural Directors Committee Meeting Minutes
 - April 16, 2015 (Unapproved);
- Rural Directors Committee Meeting Minutes
 - March 12, 2015."

(All/Directors/Majority)

CARRIED UNANIMOUSLY

OATH OF OFFICE

Gail Chapman, Chief Administrative Officer administered the Oath of Office to Tom Shelford, Alternate Director, Electoral Area "E" (Francois/Ootsa Lake Rural).

DELEGATION

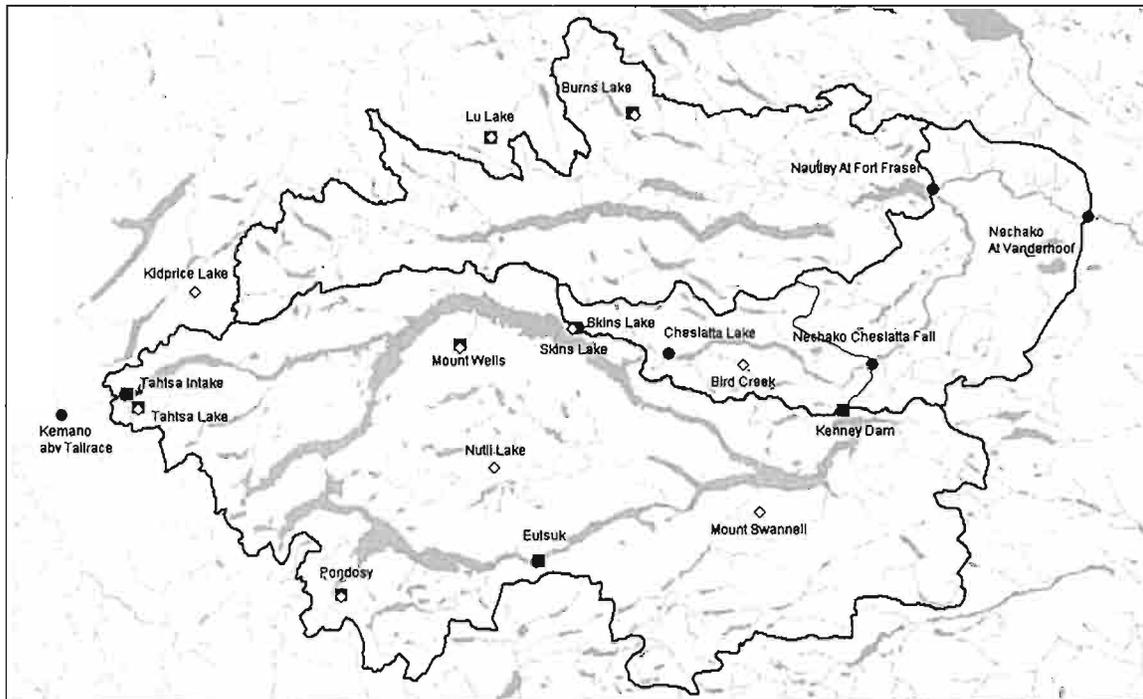

RIO TINTO ALCAN – Justus Benckhuysen, Nechako Operations Coordinator and Lianne Olson, Stakeholder and Community Relations Liaison RE: Update

Chair Miller welcomed Justus Benckhuysen, Nechako Operations Coordinator and Lianne Olson, Stakeholder and Community Relations Liaison, Rio Tinto Alcan.

Mr. Benckhuysen and Ms. Olson provided a PowerPoint Presentation.

Nechako Reservoir Update April 30, 2015

Nechako Watershed

Nechako Reservoir Snowpack

The maximum, average, minimum, previous year and current years snowpack in millimetres from October to August were presented for the following:

- Tahtsa Lake;
- Mount Wells;
- Pondosy Lake;
- Lu Lake (indicative of Nautley).

Nechako Reservoir Snowpack and Inflow

February

- Measured Snowpack: 115% LTA (Long Term Average);
- April – Aug Inflow Forecast: 105% LTA;

March

- Measured Snowpack: 109% LTA;
- April – Aug Inflow Forecast: 103% LTA;

April

- Measured Snowpack: 104% LTA;
- April – Aug Inflow forecast: 122% LTA;

DELEGATION (CONT'D)

RIO TINTO ALCAN – Justus Benckhuysen, Nechako Operations Coordinator and Lianne Olson, Stakeholder and Community Relations Liaison RE: Update

May

- Measured Snowpack: TBD this weekend;
- April to August inflow forecast:
 - o Approximately 125% LTA;
 - Range of 115-150% LTA.

Mr. Benckhuysen noted that Rio Tinto Alcan is maximizing discharge in anticipation of potential flood in future. The inflow to the reservoir is very high and the peak inflow has yet to be reached.

Rio Tinto Alcan utilizes historical data to review and forecast possibilities. They also monitor weather forecasts but weather can be unpredictable. A high precipitation event at the Nautley will affect the Nechako River. Rio Tinto Alcan reduces the Skins Lake Spillway discharge to balance flooding to the Nechako River but there is a 5 day delay in changes to the Nechako River from adjustments made at the Skins Lake Spillway. Rio Tinto Alcan met with the District of Vanderhoof and it was determined that the target water level in the Nechako at Vanderhoof would be no higher than 525 m³/s in order to mitigate flooding. Today at 4:00 p.m. Rio Tinto Alcan will reduce the Skins Lake Spillway discharge from 286 m³/s to 256 m³/s in anticipation that the Nautley will continue to expand. They are anticipating the reservoir to fill in June or July, 2015.

The following graphs were provided:

Nechako Reservoir Inflow

- Nechako Reservoir Operation – Observed Inflow and Discharge 2014-2015;

Reservoir Forecast

- Nechako Reservoir – Observed and Projection 2014-2015
- April 24, 2015 projection.

Nechako Reservoir Forecast

- 2 day precipitation accumulation forecast;
- 7 day precipitation accumulation forecast.

Skins Lake Spillway Discharge plan

November, 2014 to February, 2015 Spillway discharge:

- Average discharge higher than base flow requirement of 32 m³/s;

February to April Spillway Discharge:

- 45m³/s;
- 55 m³/s;
- 75m³/s;
- 95m³/s;
- 115m³/s;
- 135 m³/s;
- 150 m³/s.

Beginning of April Spillway discharge plan:

- Increase spillway discharge April to June by 15 m³/s

Mid-April Spillway discharge plan

- Manage spillway discharge to achieve and maintain a flow target of about 300 m³/s at Cheslatta Falls and 500 m³/s at Vanderhoof. The 300 m³/s at Cheslatta Falls prevents the flooding of graveyards at Ootsa Lake and is complementary to 500 m³/s at Vanderhoof.

Rio Tinto completed an ice survey in mid-March, 2015 and due to the warm winter and the openness of the river a controlled release was conducted in consultation with the Nechako Fisheries Conservation Program.

DELEGATION (CONT'D)

RIO TINTO ALCAN – Justus Benckhuysen, Nechako Operations Coordinator and Lianne Olson, Stakeholder and Community Relations Liaison RE: Update

The following graphs were provided:

Nechako Simulated Scenarios

- Simulation on Nechako Reservoir and River
- Wet Scenario – 2007 – April 30, 2015.

Vanderhoof Forecast for Wet Forecast

- Forecast at Vanderhoof for Wet Inflows scenarios on Nechako Reservoir – April 30, 2015.

The elements are being monitored in real time.

Balancing Interests

Flow management decisions balance reservoir safety, flood risk and environmental impacts

- Control reservoir elevation to a maximum of 2800 feet;
- Balance flood risk (magnitude of flood and duration of flood);
 - o Cheslatta and Nechako;
- Consider impact to fisheries:
 - o Nechako Fisheries Conservation Program;
 - o Nechako White Sturgeon Recovery Initiative.

Director Repen asked if completing the 2nd tunnel project could be considered for flood mitigation. Mr. Benckhuysen noted that the 2nd tunnel would not mitigate the risk of flooding to the Nechako Reservoir. The tunnel project has completed the time sensitive tie in phase. The hydraulic limitations are not at the tunnel; the hydraulic limitations are the ability to get water from the tunnel to the generators and the generators do not have a bypass and cannot be designed for a bypass at this time. If water is not producing energy it is not flowing through. A 2nd tunnel does not address the flooding to the Nechako Reservoir.

Discussion took place regarding Rio Tinto Alcan selling additional power. Mr. Benckhuysen mentioned that for approximately 30 years Rio Tinto Alcan has sold power to BC Hydro but once the new smelter at Kemano is operational it will use the majority of power for operations.

Director Fisher asked if there was legal compensation for the flooding that occurs due to Rio Tinto Alcan's operations. Mr. Benckhuysen noted that the province of B.C. and Rio Tinto Alcan have an agreement in place since 1987 that identifies the conservation goals for salmon and works through the Nechako Fisheries Conservation Program to meet objectives and goals and Rio Tinto Alcan has met compliance. Mr. Benckhuysen indicated flooding is a normal part of any river anywhere and the Nechako Reservoir operations in its existence reduces the frequency and magnitude of flooding but does not prevent flooding.

Director Parker noted the extremes of water discharge levels and the possibility for a more even flow rate. Mr. Benckhuysen mentioned that predictable forecasts would be needed in order to maintain even flow levels and maintain a source of water for Kemano. A lack of water for Kemano for a period of a few hours has huge implications and creates a one year recovery.

Chair Miller spoke to the impacts of artificially holding back water in the river and the impacts to the residents in the region. He noted the fiduciary responsibility regarding the protection of those residents from flooding. He questioned if there was a way for communities to be more directly involved in the decision making process. Mr. Benckhuysen noted that the reservoir does not exacerbate flooding but by consuming and storing water it reduces the frequency and possibility of flooding. If water was not consumed by Kemano it would travel in real time through the Nechako River with more water and less control of discharge. Rio Tinto Alcan is in constant contact with the Water Controllers Office with reservoir forecasts and reservoir safety. He also mentioned that there are frameworks in place to consult with communities and used the example of the most recent meeting with the District of Vanderhoof and the discussions that led to the

DELEGATION (CONT'D)

RIO TINTO ALCAN – Justus Benckhuysen, Nechako Operations Coordinator and Lianne Olson, Stakeholder and Community Relations Liaison RE: Update

water level in the Nechako at Vanderhoof not exceeding 525 m³/s. Rio Tinto Alcan is willing to take the risk to manage immediate threats over future threats.

Chair Miller noted the importance of outlining and ranking priorities and the ability for communities to give influence where those priorities lie. He mentioned the water levels being at 525 m³/s does impact the river through erosion of its banks and the significant economic impact this can have.

Chair Miller thanked Mr. Benckhuysen and Ms. Olson for attending the meeting.

ADMINISTRATION REPORTS

Committee Meeting
Recommendations
-April 16, 2015

Moved by Director Benedict
 Seconded by Director Petersen

2015-6-5

"That the Regional District of Bulkley-Nechako Board of Directors approve Recommendations 1 through 3 as amended:

Committee of the Whole – April 16, 2015

Recommendation 1:

Re: Write a Letter RE: Condition of Colleymount Rd.

"That the Regional District of Bulkley-Nechako Board of Directors write a letter to the Ministry of Transportation and Infrastructure regarding the need to allocate funding for safety upgrades to Colleymount Rd.; and further, that the letter be forwarded to WorksafeBC, John Rustad, MLA Nechako Lakes and Lakes District Maintenance (LDM)."

Rural Directors Committee – April 16, 2015

Recommendation 2:

Re: Requests for Grant in Aid

"That the Regional District of Bulkley-Nechako Board of Directors approve the following grant in aid application:

-Grassy Plains Community Hall be given up to \$10,000 grant in aid monies from Electoral Area "E" (Francois/Ootsa Lake Rural) to cover the cost of booking bands for the Annual Summer Festival;

-Tchesinkut Lake Watershed Society be given \$3,550 grant in aid monies from Electoral Area "E" (Francois/Ootsa Lake Rural) to purchase equipment to test the water of Tchesinkut Lake. Further, that the Society be requested to provide the results of the water testing to the Regional District;

-Spirit's Mission Rescue Society be given \$1,200 grant in aid monies from Electoral Area "F" (Vanderhoof Rural) for costs associated with a dog and cat spay, neuter and animal wellness clinic at Saik'uz First Nation."

ADMINISTRATION REPORTS (CONT'D)

Rural Directors Committee – April 16, 2015 (CONT'D)

Recommendation 3:

**Re: Letter to Regional Cattleman’s Association RE:
Further Information Regarding Impact of Elk Herd to
Farm/Ranch Lands**

“That the Regional District of Bulkley-Nechako Board of Directors write a letter to the Skeena Regional Cattlemen’s Association, Nechako Regional Cattleman’s Association and Lakes District Cattleman’s Association to request further documentation regarding Elk Herd Expansion in the region; and further, that requests for support be outlined and provided to the Regional District of Bulkley-Nechako.”

(All/Directors/Majority) CARRIED UNANIMOUSLY

Chinook Community Forest
Licence Application

Moved by Director Strimbold
Seconded by Director Brien

2015-6-6

“That the Regional District of Bulkley-Nechako Board of Directors approve execution of the Chinook Community Forest License Application and the Chinook Community Forest Management Plan.”

(All/Directors/Majority) CARRIED UNANIMOUSLY

Concerns were brought forward regarding the Chinook Community Forest Business Plan.

Lakes Economic Development
Service – Burns Lake and
District Chamber of Commerce
Request

Moved by Director Strimbold
Seconded by Director Brien

2015-6-7

“That the Regional District of Bulkley-Nechako Board of Directors authorize contributing up to \$15,000 of Lakes Economic Development Service funds to the Burns Lake Chamber of Commerce for publishing 8,000 copies of the Burns Lake and Lakes District Visitors Guide.”

(All/Directors/Majority) CARRIED UNANIMOUSLY

Director Repen spoke to the overall effectiveness of localized publications in the region and the ability to have tools to capture the impact of marketing the region. Discussion took place regarding the different funding models for Lakes Economic Development Service and Bulkley Valley Economic Development.

ADMINISTRATION REPORTS (CONT'D)

Invest in BC Advertising
 Opportunity

Moved by Director Benedict
 Seconded by Director Newell

2015-6-8

"That the Regional District of Bulkley-Nechako Board of Directors support placing a half page advertisement in the 2016 Invest in BC publication at a cost of \$2,195."

Opposed: Director Repen CARRIED

(All/Directors/Majority)

Director Bachrach spoke to the ability to track the effectiveness of regional advertising opportunities. Discussion took place regarding the challenges of branding the Regional District of Bulkley-Nechako due to its vastness and similarity to other Regional Districts in Northern B.C. Chair Miller noted that presenting the compilation of all benefits in the region is valuable.

Concerns Expressed at the
 CN Rail Meeting and Tabletop
 Exercise

Moved by Director Newell
 Seconded by Director Repen

2015-6-9

1. "That the Regional District of Bulkley-Nechako Board of Directors receive the Protective Services Manager's April 21, 2015 memo titled "Concerns expressed at the CN Rail Meeting and Tabletop Exercise."
2. That the Regional District of Bulkley-Nechako Board of Directors write a letter to CN rail outlining the noted concerns and requesting their feedback."

(All/Directors/Majority)

CARRIED UNANIMOUSLY

Concerns were brought forward regarding the burden placed on local volunteer First Responders and Fire Fighters in regard to a potential train derailment.

**DELEGATION – RHB SCHMITZ de GRACE – Allison Beswick, CPA, CA - Via
 Teleconference**

Chair Miller welcomed Allison Beswick, CPA, CA, RHB Schmitz de Grace. Ms. Beswick noted that the 2014 Audited Financial Statements were in good order. Chair Miller thanked Ms. Beswick.

2014 Audited Financial
 Statements

Moved by Director Petersen
 Seconded by Director Bachrach

2015-6-10

1. "That the Regional District of Bulkley-Nechako Board of Directors receive the Financial Administrator's April 22, 2015 memo titled "2014 Audited Financial Statements."
2. That the Audited Financial Statements for the year ended December 31, 2014 be approved and the Chairperson and the Financial Administrator be authorized to sign the Statement of Financial Position; and,
3. That the Audit Letter be approved for signature."

(All/Directors/Majority)

CARRIED UNANIMOUSLY

ADMINISTRATION REPORTS (CONT'D)

Houston and Area, Fraser Lake and Area and Vanderhoof and Area Recycling Recommendation for Extension of Contracts Moved by Director Petersen
Seconded by Director Repen

2015-6-11

1. "That the Regional District of Bulkley-Nechako Board of Directors receive the Director of Environmental Services' April 20, 2015 memo titled "Houston and Area, Fraser Lake and Area and Vanderhoof and Area Recycling – Recommendation for Extension of Contracts."
2. Further, that the Regional District of Bulkley-Nechako Board of Directors authorize staff to extend existing contracts for current recycling services with the Houston Bottle Depot, Fraser Lake Bottle Depot and Nechako Waste Reduction Initiative."

(All/Directors/Majority)

CARRIED UNANIMOUSLY

Break for lunch at 12:09 p.m.

Reconvened at 12:40 p.m.

Administration Reports Moved by Director Parker
Seconded by Alternate Director Hughes

2015-6-12

"That the Regional District of Bulkley-Nechako Board of Directors receive the following Administration Reports:

- Director of Environmental Services April 22, 2015 memo titled "Regional District of Bulkley-Nechako Fort Fraser Water Service Regulatory Bylaw Amendment";
- Financial Administrator's
 - April 22, 2015 memo titled "Area E Economic Development Reserve Establishment Bylaw;
 - April 22, 2015 memo titled "Chinook Community Forest Service Establishment Amendment;"
- Protective Services Manager's
 - April 20, 2015 memo titled "Snow Survey and Water Supply Bulletin – April, 2015";
 - April 20, 2015 memo titled "Monthly 9-1-1 Call Report – March, 2015"
- Chief Election Officer – Electoral Area "D" – Declaration of Election by Acclamation."

MEMO

Recent Agricultural Land Commission Decisions Moved by Director Newell
Seconded by Director Petersen

2015-6-13

"That the Regional District of Bulkley-Nechako Board of Directors receive the Planner's April 15, 2015 memo titled "Recent Agricultural Land Commission Decisions."

(All/Directors/Majority)

CARRIED UNANIMOUSLY

ELECTORAL AREA PLANNING (All Directors)

DEVELOPMENT VARIANCE PERMIT APPLICATION

Chair Miller called for comments from the gallery.

Development Variance Permit Moved by Director Fisher
A-02-15 Benjamin and Amie Seconded by Director Bachrach
Wittke 4225 Regina Street,
Smithers, Electoral Area "A"

2015-6-14

"That the Regional District of Bulkley-Nechako Board of Directors approve Development Variance Permit A-02-15 for the property located at 4225 Regina Street to vary Section 10.05 (1) (a) to reduce the rear parcel setback from 7.5 metres (24.61 ft) to 1.5 metres (5ft) for an accessory building developed in compliance with Schedule A of the permit."

(All/Directors/Majority)

CARRIED UNANIMOUSLY

TEMPORARY USE PERMIT APPLICATION

Chair Miller called for comments from the gallery.

Director Brienens removed himself from the meeting at 12:50 p.m. due to a conflict of interest in regard to Temporary Use Permit A-03-15 West Fraser Concrete Ltd. (SMXA) Donaldson Road, Smithers, Electoral Area "A".

Don Giddings, Smithers Motocross Association (SMXA) spoke to the economic benefits of the Smithers Motocross Track and the benefits to the residents in the region. He noted his interpretation was that the motocross track use was permitted as part of the Outdoor Recreation use which is allowed in the existing, Agricultural Zone (Ag1) zoning pursuant to Regional District of Bulkley-Nechako Zoning Bylaw No. 700, 1993. He also spoke to the Covenant registered on Parcel Identifier 004-310-128, Lot A, Section 4, Township 4, Range 5, Coast District Plan 11348, Except Plan PRP14965.

Mr. Giddings also noted that the RDBN has property access challenges associated with their monitoring of the old landfill.

Mr. Giddings mentioned that he understood there is environmental concerns regarding the SMXA track being built on top of the old landfill but felt there could be a solution. He noted that he spoke with Eric Pierce, Environmental Protection Officer, Authorizations Smithers, Ministry of Environment in regard to a solution for the old landfill and motocross track site. Mr. Giddings explained that the SMXA would provide labour and equipment to replace the current cap on the landfill.

Mr. Giddings expressed the SMXA's desire to move forward and come to a mutually agreeable solution.

The Regional Board noted that it was supportive of the organization and the benefits it provides to the communities but the fact that the motocross track is located on top of an old landfill site creates environmental concerns and land use issues. Chair Miller mentioned that the RDBN has spent considerable staff and Directors time to find a solution.

Chair Miller thanked Mr. Giddings and the Smithers Motocross Association for attending the meeting.

Discussion took place regarding the manner in which the landfill was closed under permit with the Ministry of Environment.

TEMPORARY USE PERMIT APPLICATION (CONT'D)

Temporary Use Permit A-03-15 Moved by Director Fisher
West Fraser Concrete Ltd. Seconded by Director Repen
(SMXA) Donaldson Road,
Smithers, Electoral Area "A"

2015-6-15

"That the Regional District of Bulkley-Nechako Board of Directors deny Temporary Use Permit application A-03-15."

(All/Directors/Majority)

CARRIED UNANIMOUSLY

Director Brienen returned to the meeting at 1:30 p.m.

BYLAWS FOR FIRST AND SECOND READING

(All/Directors/Majority)

CARRIED UNANIMOUSLY

REZONING APPLICATION FOR CONSIDERATION (CONT'D)

Director Bachrach spoke to the position of the Town of Smithers in regard to development within the community and land use directly outside the municipal boundary.

Fred Wilson, West-End Ventures Inc., provided an outline in regard to their search for appropriate land to develop and/or rent or buy.

Rezoning File No. A-06-14 Moved by Director Fisher
West-End Ventures Inc. Seconded by Director Newell
Electoral Area "A"

2015-6-20

1. "That the Regional District of Bulkley-Nechako Board of Directors receive rezoning application A-06-14.
2. That the Regional District of Bulkley-Nechako Board of Directors direct staff to work with the applicant in an attempt to identify a land use proposal and site plan that better reflects Official Community Plan objective and policies, and minimizes potential negative impacts on the community.
3. That staff report back to the Regional Board regarding the application at a subsequent Board meeting."

REZONING APPLICATION FOR CONSIDERATION (CONT'D)

Moved by Director Bachrach
 Seconded by Director Brien

2015-6-21

"That the Regional District of Bulkley-Nechako Board of Directors amend item 2 of Motion 2015-6-20 as follows:

2. That the Regional District of Bulkley-Nechako Board of Directors direct staff to work with the applicant in an attempt to identify a land use proposal and site plan that better reflects Official Community Plan objective and policies, and minimizes potential negative impacts on the community.

Specifically:

- a. New zoning to include: contracting services, truck rentals and warehousing;
- b. A clearly outlined definition of contracting services;
- c. Detailed development site plan including consideration of designating the subject property as a development permit area.

(All/Directors/Majority)

CARRIED UNANIMOUSLY

"The question was called on Motion 2015-6-20 as amended."

VERBAL REPORTS

Recreation Sites and
Trails B.C.

Director Fisher mentioned that he met with Recreation Sites and Trails B.C. and discussion took place regarding access points in the Bulkley Valley region.

Agricultural Projects in
Smithers

Director Fisher stated that along with Director Bachrach they had met with the local agrologist in Smithers to discuss local agricultural projects.

District of Houston New
Water Treatment Plant

Director Brienen noted that the District of Houston has commissioned its new water treatment plant. There is still the appearance of manganese that they are working to remove.

VERBAL REPORTS (CONT'D)

<u>Doctors Office Closure in Houston</u>	Director Brienens spoke of the Doctors Office closure in Houston. Houston will only have one doctor and a second doctor part-time thus the critical health care in the community will be greatly impacted.
<u>Minerals North 2016 Planning</u>	Director Bachrach mentioned that the Town of Smithers is in the planning stages for hosting Minerals North 2016.
<u>Town of Smithers Budget</u>	Director Bachrach reported that the Town of Smithers has completed its 2015 Budget and released its strategic priorities for the next 4 years.
<u>Telkwa to be Featured on CBC Show – Still Standing</u>	Director Repen mentioned that the CBC show “Still Standing” is featuring Telkwa and was in the community April 15-19, 2015 filming. Telkwa is to be in episode 1 of season 2. Season 1 will air in the summer of 2015.
<u>Green Energy Plant in Construction Phase in Fort St. James</u>	Alternate Director Hughes noted that the Green Energy Plant is in construction in Fort St. James.
<u>Fort St. James Transportation Committee</u>	Alternate Director Hughes stated that the Fort St. James Transportation Committee has restarted and discussions are taking place with the District of Fort St. James, Industry and stakeholders in the area.
<u>TransCanada Yellowhead Highway AGM-April 27-30, 2015 - Edmonton, AB</u>	Director Benedict attended the TransCanada Yellowhead Highway AGM April 27-30, 2015 in Edmonton, AB. She noted concerns regarding the possible development of a twin highway through the Kicking Horse Pass. Director Benedict also spoke to the need for B.C to have more participation on the TransCanada Yellowhead Highway Association.
<u>Endako Mine</u>	Director Lindstrom mentioned that most of the residents that were displaced due to the suspension of operations at Endako Mine have found work.
<u>Loss of Doctor in Fraser Lake</u>	Director Lindstrom reported that another doctor will be leaving Fraser Lake. He spoke of discussing the issue at the North Central Local Government Association's Annual Convention in Prince George, May 6-8, 2015.
<u>West Fraser Cogen Plant</u>	Director Lindstrom stated that the West Fraser Cogen Plant is in operations and has received its first payment for power from BC Hydro.
<u>Flooding in Electoral Area "D" (Fraser Lake Rural)</u>	Director Parker mentioned that he has been working with staff to monitor the potential for flooding in Electoral Area "D" (Fraser Lake Rural).
<u>Fort Fraser Elementary School Closure</u>	Director Parker reported that School District 91 Nechako Lakes has begun the public consultation process in determining the possibility of closing Fort Fraser Elementary School. A meeting was held on April 29, 2015 to begin discussions.

VERBAL REPORTS (CONT'D)

Chair's Report

Chair Miller mentioned that he attended the following meetings and will provide a written update at a future meeting:
 -2015 Regional District Chairs and CEO/CAO Forum in Victoria, B.C. – March 24-25, 2015;
 -Municipal Finance Authority of B.C. AGM and Financial Forum 2015 in Victoria, B.C. – March 25-26, 2015;
 -Council of Forest Industries 2015 Convention in Prince George, B.C. – April 8-9, 2015.

Chair Miller has also attended meetings regarding the CNC (College of New Caledonia) facing significant provincial funding cuts that have influenced decisions at the local colleges and created huge impacts.

Chair Miller mentioned that he was contacted by a reporter from the Globe and Mail regarding planting trees on agricultural land in the region.

Chair Miller stated that he has been attending meetings regarding Chinook Community Forest and that process is moving forward.

Bill Miller, Chair

Wendy Wainwright, Executive Assistant

Regional District of Bulkley-Nechako Board of Directors Memorandum MAY 28, 2015

To: Chair Miller and the Board of Directors
From: Deborah Jones-Middleton (Protective Services Manager)
Date: April 30, 2015
Regarding: British Columbia Ministry of Justice – ‘Emergency Communications Service Delivery in British Columbia – Police Communication Centres and 911 PSAP – Strategic Vision Discussion Paper – March 2015’

Background

At the November 21, 2013 Regional District of Bulkley-Nechako Board of Directors meeting staff provided a report on the “UBCM Report: 9-1-1 Services in British Columbia: Background Review in Relation to a Province-Wide Call Answer Levy”. The Board directed staff to forward a letter to UBCM outlining the following concerns:

A province-wide Call Answering Levy would only be beneficial to the Regional District of Bulkley-Nechako if the legislation outlining the criteria for distribution of the Call Answer Levy funds is clearly defined, for example:

- the scope of the CAL funding is clearly defined and considers the cost of:
 - operating Primary Safety Answering Points (PSAP’s);
 - technological upgrades to PSAP’s, Secondary Safety Answering Point’s (SSAP’s); and
 - local government administration, such as GIS services and public education; also
- the funds are administered by the local governments responsible for providing the service;
- the funds are not less than the current amounts received by local governments;
- the funds are discretionary within the 9-1-1 service;
- there is a provincial standard set that reduces the call volume of the short duration calls to be investigated;
- service gaps are assessed and decisions are addressed in the context of who pays for new services; and
- the decisions regarding how PSAP’s and SSAP’s baseline funding will be determined.

In March, 2015, the British Columbia Ministry of Justice issued the “Emergency Communications Service Delivery in British Columbia – Police Communication Centres and 911 PSAP – Strategic Vision Discussion Paper – March 2015”. For a copy of the full report please see Deborah Jones-Middleton, Protective Services Manager.

The report provides background on the 9-1-1 service in British Columbia and identifies the following new challenges in providing the 9-1-1 service:

- Migration of households from wireline services to mobile wireless service;
- Implementation of Next Generation 9-1-1 (NG 9-1-1) technologies;

- Gaps in the provision of 9-1-1 service;
- Ensuring resiliency of the 9-1-1 system amid major catastrophic events.

The paper states that "By modernizing the current approach to a more streamlined, equitable and resilient system, the emergency communications system will be better positioned to enhance service province-wide."

There are currently 10 Public Safety Answering Points (PSAP) and 17 police communication centres in the province with 80% of the of the 1.5 million 9-1-1 calls being answered provincially through E-Comm.

The Strategic Vision of the British Columbia Ministry of Justice is to:

- consolidate the 10 9-1-1 PSAPs and 17 police dispatch to achieve operational and financial efficiencies not fully realized;
- improve resiliency and interoperability through the development of consistent operational standards, infrastructure, and technology; and
- develop a modernized funding model to address:
 - the decline in landline revenue;
 - collecting a "Call Answer Levy" from cellular phone users who do not currently contribute; and
 - add a new revenue stream for NG 9-1-1 and required infrastructure improvements.

The document calls for input from key stakeholders by May 15, 2015, staff requested and was granted an extension to June 5, 2015. The following are the discussion items posed by the British Columbia Ministry of Justice:

1. Consolidated 911 PSAP and police dispatch service delivery model

Guiding principles:

- enhanced public safety;
- improvements to resiliency, interoperability and capacity building;
- leverage existing efficiencies and economies of scale;
- equitable funding;
- cost-recovery for consolidation;
- consistency province-wide: approach to NG 9-1-1, policies, standards etc.; and
- accountability for performance.

Discussion Questions:

Vision

- Is the current service delivery model as efficient as it could be?

Staff Comment: The Regional District has already joined E-Comm through the Regional District of Fraser Fort George, which has significantly reduced the costs of the 9-1-1 service.

Service Delivery

- What are the key factors to consider in consolidating 9-1-1 PSAP and police

communications across the province?

Staff Comment: Why is the Province not considering joining in the Fire Dispatch services to this consolidated program as previously stated it would?

The Regional District is currently paying over \$200,000 per annum towards the cost of FOCC dispatch, consolidation could reduce this cost significantly.

Funding

➤ How does local government in your community currently fund 911 PSAP?

Staff Comment: The Regional District Service is funded through:

- taxation;
- Call Answer Levy on landline phones; and
- First Nations fee per person.

➤ Will local governments be able to fund these and enhanced services such as NG 9-1-1 in the future?

➤ What funding model options exist and would be successful? Why or why not?

➤ With respect to existing funding for emergency communications, what works well, needs improvement, or could be done differently?

Next Generation 9-1-1

➤ What is the most appropriate response to infrastructure and technological pressures related to Next Generation 9-1-1?

Staff Comment: E-Comm is launching the Text with 9-1-1 for the Deaf, Hard-of-Hearing, and Speech Impaired community service soon. This service will be exclusively available for the Deaf, Hard-of-Hearing, and Speech Impaired community at this time.

Resiliency

➤ How can resiliency of emergency communications best be addressed (e.g., appropriate back-up, redundancies)?

Staff Comment: E-Comm, police and fire dispatch already has redundancies in place, however, if police and fire dispatch were consolidated this would reduce the cost of redundancy significantly.

Governance

➤ What is an appropriate method for emergency communications governance and regulation in British Columbia?

Staff Comment: Regional Districts have responsibility for 9-1-1 Service establishment and management. All participating regional districts need to be represented at discussions regarding governance and regulation.

➤ Would standardization be of benefit to emergency communications? If so, in what areas (e.g. policies, procedures, standards, education, other)?

LB

Staff Comment: All of the above noted areas would benefit from standardization of emergency communications.

2. Modernized funding model

Local governments currently rely on a wireline call answer levy (CAL) and property taxes to fund 9-1-1 PSAP services, which varies by local government. With the proliferation of cell phones, and with 67% of 9-1-1 calls from cell phones, the Ministry is of the view that it would be reasonable for cell phone users to contribute to funding the emergency communications system. In fact, seven other provinces already have provincial CAL legislation in place.

As described earlier, UBCM had looked at a provincial CAL on all wireless devices that connect to 9-1-1 services, and the Ministry was part of a working group exploring the issue. Although UBCM withdrew the proposal, the Ministry considers there is still merit in considering a CAL on wireless devices.

Discussion Questions:

Call Answer Levy Scope (CAL)

- What scope of services would be appropriate to be funded by a provincial CAL? Emergency communications only or broader services? If broader services, what else should be included?

Staff Comment: The scope of the CAL funding should be clearly defined and consider the cost of:

- operating Primary Safety Answering Points (PSAP's);
- technological upgrades to PSAP's, Secondary Safety Answering Point's (SSAP's); and
- local government administration, such as GIS services and public education.

CAL Administration

- What would be the most effective process for administering the CAL?

Staff Comment: The funds should be administered by the local governments responsible for providing the service.

The Regional District currently collects the CAL from Telus, who provides the funds collected monthly. The fee paid by landline users is \$0.75 which is collected by Telus and submitted to the Regional District, less a collection fee, monthly.

- How should the revenue be managed?

Staff Comment: The revenue should be collected from the service providers and submitted directly to the Regional District.

CAL Amount

- What would be the most appropriate way to determine the amount of the CAL?

Staff Comment: The funds should not be less than the current amounts received by local governments, and the funds must be discretionary within the 9-1-1 service.

Staffs understanding is cellular service providers are already charging the \$0.75 fee that Telus charges to landline users.

MINISTRY OF JUSTICE NEXT STEPS

In addition to seeking feedback on this paper, the British Columbia Ministry of Justice is meeting with select key stakeholders such as UBCM, local governments and police agencies. A summary of information received will be provided to those who submit feedback. The Ministry will consider the results of this targeted stakeholder engagement as part of the analysis of the strategic vision. Thank you for your feedback.

Staff Comment: Staff is unaware of the Regional District of Bulkley-Nechako receiving an invitation to this meeting.

Recommendation

AII /DIRECTORS/MAJORITY

1. That the Board of Directors receive the memo titled “British Columbia Ministry of Justice – ‘Emergency Communications Service Delivery in British Columbia – Police Communication Centres and 911 PSAP – Strategic Vision Discussion Paper – March 2015’” from Deborah Jones-Middleton, Protective Services Manager.
2. That the Board of Directors respond to the British Columbia Ministry of Justice report discussion items.

From: Fraser Basin Council

Request for a Letter of Support – Advancing Nechako River Watershed Health

The Fraser Basin Council respectfully requests that the Regional District of Bulkley-Nechako provide a letter of support regarding a proposal to develop and implement a Nechako Watershed Strategy. The proposal is being reviewed by the Real Estate Foundation of BC and the Council would like to enhance the proposal with letters of support from the District of Vanderhoof and the Regional Districts of Bulkley-Nechako and Fraser-Fort George. Letters can be submitted to REFBC through the Fraser Basin Council by May 29, 2015. Due to the timely nature of this request, we have taken the liberty of providing a draft letter for reference. Thank you for your consideration of this proposal as outlined below.

Regards,

Steve Litke, Senior Manager,
Watersheds and Water Resources Program,
Fraser Basin Council
604-488-5358
slitke@fraserbasin.bc.ca

Background

Fraser Basin Council

Since it was established in 1997, the FBC has played a key leadership role in helping to resolve conflicts, educate the public about sustainability and advance sustainability throughout BC with a focus in the Fraser River Basin. The mandate of the Council is to ensure that the Fraser Basin is a place where social well-being is supported by a vibrant economy and sustained by a healthy environment. The Council's Board of Directors includes the four orders of government (Federal, Provincial, Local, First Nations), the private sector and civil society. One of FBC's key strategic priorities is to support Healthy Watersheds and Water Resources.

Proposal for a Nechako River Watershed Strategy

FBC proposes to support and facilitate a collaborative process in the Nechako River watershed to develop a Nechako Watershed Strategy (Strategy) to advance stewardship throughout the region. The Strategy would profile the key watershed health issues and concerns as identified in a new watershed health report and through outreach and engagement with decision makers, stakeholders and the public. More importantly, the Strategy would identify priority actions to be undertaken by organizations, individuals and collaborative efforts to improve the health of the watershed through stewardship actions, implementation of best practices and improved decision-making.

The desired outcome of the project is a strategy with priority actions and commitments to improve the health of the Nechako River Watershed and its sub-watersheds. The strategy would be developed and implemented through a collaborative process.

Nechako Watershed Alliance – Recent Work and Proposed Next Steps

Over the past two years (2013-14 and 2014-15) the Fraser Basin Council has convened a diversity of decision makers and stakeholders from across the Nechako River watershed in a series of meetings to explore their individual and shared interests in the region. The group formed as the Nechako Watershed Alliance (NWA), an informal affiliation of local governments, First Nations, senior governments, NGOs, academia and individuals all interested in improving the health of the Nechako watershed. At the February 2015 meeting, the group approved a provisional Terms of Reference and agreed to formalize a roundtable governance structure - the Nechako Watershed Roundtable - to work collaboratively and to use consensus-based decision-making to advance the health of the watershed.

In addition to supporting the organizational development and transition from the Nechako Watershed Alliance to the Nechako Watershed Roundtable, the Fraser Basin Council also collaborated with regional partners to produce a Nechako Watershed Health Report, including an online, interactive atlas (http://www.cmnbc.ca/atlas_gallery/nechako-watershed-health-atlas). This project has assembled the best available data on water quality and quantity, fish and wildlife, ecosystems, resource development and resource conservation.

At the February 2015 meeting of the NWA the group reviewed the watershed health indicators – including the online atlas – and identified a shared interest in developing a strategy to address the findings in the watershed health report and promote priority actions (i.e. to get from information to action). This information about the health of the Nechako provides a solid base of knowledge to inform the development of the Nechako Watershed Strategy.

The proposed project includes the following steps:

- Conduct outreach and engagement sessions with decision makers, stakeholders and the broader public to disseminate the findings of the watershed health report (including the online Nechako Watershed atlas) and to solicit early input to inform the Nechako Watershed Strategy.
- Establish an Advisory Committee and initiate strategy development.
- Convene one-on-one meetings and multi-interest meetings with project partners and stakeholders (e.g. local governments, First Nations, senior governments, NGOs, and others) to seek input on the scope of the strategy and the development process.
- Facilitate advisory process to inform the development of the strategy, including contents on:
 - Watershed values in the Nechako
 - Ecosystem health objectives
 - Recommended actions
 - Existing assets and capacity
 - Gaps and limitations
 - Short-term actions for implementation
 - Potential alignment of priority actions with organizations, individuals and collaborative efforts to implement the priority actions.
- Disseminate the strategy
- Initiate short-term actions for implementation.

Re: Letter of Support – Advancing Nechako River Watershed Health

On behalf of the Regional District of Bulkley-Nechako this letter is to express our support for the project proposed by the Fraser Basin Council to the Real Estate Foundation of BC to advance the health of the Nechako River Watershed. A coordinated, collaborative, and regional approach to planning and action is necessary to improve watershed health. The proposal to develop a strategy for the Nechako River watershed and sub-watersheds is relevant to support our efforts to address issues within the region.

In the Nechako River watershed, there are particular concerns related to flooding, low flows, sedimentation, and water quality and quantity, which have direct implications to the Bulkley-Nechako region. To help address these issues, Directors Tom Greenaway and Gerry Thiessen have participated in the Nechako Watershed Alliance. The watershed strategy proposed by the Fraser Basin Council provides a great opportunity to strengthen collaboration in the watershed.

The Regional District of Bulkley-Nechako appreciates the Fraser Basin Council's interests and activities in the Nechako River Basin and the proposed watershed strategy is an important next step. We appreciate your consideration of this project.

Sincerely,

Bill Miller, Chair
Regional District of Bulkley-Nechako

NORTHWEST BRITISH COLUMBIA
RESOURCE BENEFITS ALLIANCE
300-4545 Lazelle Avenue, Terrace, BC V8G 4E1

May 20, 2015

The Honourable Christy Clark
Premier of British Columbia
P.O. Box 9041 Stn. Prov. Govt.
Victoria, BC
V8W 9E1

Dear Premier Clark:

Re: Northwest British Columbia Resource Benefits Alliance

We are writing on behalf of the 21 member local governments of the Northwest British Columbia Resource Benefits Alliance to urgently request a meeting with you and your senior officials to establish a mutually satisfactory framework for the negotiation of revenue sharing in Northwest British Columbia.

In their April 2nd, 2015 letter to the Resource Benefits Alliance, Brian Hansen, Assistant Deputy Minister, Ministry of Natural Gas Development and Jay Schlosar, Assistant Deputy Minister, Ministry of Community, Sport and Cultural Development, rejected the negotiation of revenue sharing.

The Hansen/Schlosar Letter is deeply concerning because it is contrary to the May 2013 BC Liberal commitment to revenue sharing discussions in Northwest BC, our meeting with you at the September 2014 UBCM convention, and the January 2015 commitment made by Dan Doyle, Chief of Staff, on your behalf, to commence interest-based revenue sharing negotiations.

Further, the Hansen/Schlosar Letter, with its narrow focus on natural gas development, does not accord with the multi-sector, economic opportunities that exist in northwest BC and therefore the cross-government nature of revenue generation and sharing. The reasons given in the Hansen/Schlosar Letter for not entering into revenue sharing negotiations are unwarranted. For example, agreements can and have been made which (1) are contingent upon future revenues from new economic development, and/or (2) involve borrowing and investment right now to address foreseeable infrastructure and service needs.

While the *Northwest Readiness* program has provided much needed and much appreciated assistance to some communities to plan for economic expansion, it is only the first step and is a program which does not apply for much of northwest BC. Numerous northwest communities seek the kind of support funded through *Northwest Readiness*.

Honourable Christy Clark, Premier
May 14, 2015
Page 2

Our next task is to establish jointly the revenue sharing arrangements that will support the infrastructure and services investments across Northwest BC necessitated by foreseeable economic expansion. Major resource development in Northwest BC is a once-in-a-generation opportunity to build a bright, prosperous future for rural resource communities across the Northwest. We ask for your personal involvement to facilitate early commencement of negotiations that will enable all local governments across Northwest BC to realize this opportunity and prepare for its impact.

Sincerely,

Stacey Tyers, Chair
Regional District of Kitimat-Stikine
