Subject: Donation - Terry Fox Run

RECEIVED

SEP 05 2017

**REGIONAL DISTRICT OF
BULKLEY NECHAKO**

To whom it may concern:

The Terry Fox Run is held annually at the Francois Lake Hall to raise funds for cancer research. This year, it will be held on September 17, 2017 with registration to begin at 12noon. In the Lakes District, the Run is combined with a silent auction, a concession, entertainment, face painting for the younger participants and general all-round fun for the whole family.

In past years, the Regional District of Bulkley Nechako has donated a composter as a contribution to the silent auction and it would be most appreciated if this donation were repeated once again.

Thank you for considering this request. If more information is required, please contact the undersigned.

Sincerely

Bernice Magee

Cheryl,

John has asked me to reach out to the Districts within the Nechako Lakes constituency to see if the Mayors and Councillors would like him to attend any meetings that they may have scheduled with the new Ministers.

If so, we would require a copy of the schedule as John would not be receiving a copy as he previously did.

Please advise if Mayor and Council wish to have him attend as MLA.

Thank you.

Subject: NCLGA/ Greyhound Bus Response

Good Morning CAOs.

We've reached out to both UBCM and the Passenger Transportation Board regarding the potential loss of Greyhound service in the region.

- 1.) Prince George has offered to explore suitable responses in the coming days, and to coordinate with any of you who might want to provide input, or who are considering responses of your own.
- 2.) Communities are welcome to write in with their concerns directly to the PTSB. Greyhound, however, hasn't actually submitted an application to alter their service at this point.
- 3.) My understanding is that this issue fits the criteria for a late resolution at UBCM (which would have to be submitted prior to September 22nd for consideration). In such circumstances, the issue has to have emerged after their June 30th resolution deadline, and it must not have been known as a potential issue before that time.

Please connect with Kathleen Soltis directly if you are interested in working on a coordinated response:

*Any local government can forward a late resolution to UBCM if it meets the criteria (which this seems to). Such a resolution could be sponsored/ endorsed by multiple communities. There are no previous, membership ratified resolutions related to this issue on which the NCLGA can act.

INFORMATION BULLETIN

For Immediate Release
2017FLNR0274-001541
Sept. 6, 2017

Ministry of Forests, Lands, Natural Resource Operations
and Rural Development
BC Wildfire Service

Campfires to be allowed again in all of northern B.C.

SMITHERS – Effective at noon on Thursday, Sept. 7, 2017, campfires will once again be allowed in the entire Northwest Fire Centre.

The combination of a return to more seasonal weather conditions and the lack of significant wildfire activity has reduced the risk of wildfire in the northwest.

However, the prohibition against open fires larger than a campfire (0.5 metres by 0.5 metres) will remain in effect within the entire Northwest Fire Centre.

A map of the affected areas and their associated prohibitions is available online:
<http://ow.ly/mDWG30eXt0A>

The following activities will remain prohibited:

- Category 2 and Category 3 open fires as defined in the wildfire regulation:
http://www.bclaws.ca/civix/document/id/loo92/loo92/11_38_2005
- the use of sky lanterns, binary exploding targets, air curtain burners, fireworks, including firecrackers and burning barrels or burning cages of any size or description

These prohibitions cover all BC Parks, Crown lands and private lands, but do not apply within the boundaries of a local government that has forest fire prevention bylaws and is serviced by a fire department. Always check with local authorities to see if any other burning restrictions are in place before lighting any fire.

Anyone found in contravention of an open burning prohibition may be issued a ticket for \$1,150, required to pay an administrative penalty of \$10,000 or, if convicted in court, fined up to \$100,000 and/or sentenced to one year in jail. If the contravention causes or contributes to a wildfire, the person responsible may be ordered to pay all firefighting and associated costs.

A poster explaining the different categories of open burning is available online:
<http://ow.ly/znnv309kdv5>
