

Expression of Interest

Summary: The Regional District of Bulkley-Nechako (RDBN) is responsible for administering grant funding from the Community Resiliency Investment Program for wildfire mitigation services on private property throughout the RDBN. These include roofing, brushing, and tree removal. See the application form for a full list of the services requested.

This funding does NOT cover the cost of materials. The resident must pay for the material costs, and this Expression of Interest refers only to the required services.

Invitation: The RDBN seeks to gain a more detailed understanding of the supplier market and range of available services. This expression of interest process is the first stage of a potential procurement process. If you are interested in potentially providing these services, please fill out the form below and return it to either bid@rdbn.bc.ca or mail to 37 3rd Ave., PO Box 820, Burns Lake, BC, V0J 1E0. Please include the following in your email subject line or on its envelope: **Re: RDBN Fuel Mitigation Services.**
