

YOUTH APPLICATION FORM

Waste Management Committee

The Regional District of Bulkley-Nechako (RDBN) is seeking youth who are interested in being part of the planning process for Waste Management projects and Diversion initiatives. The Waste Management Committee is composed of RDBN Directors and provides the perspectives necessary to improve our services. The committee members are expected to become familiar with the Solid Waste Management Plan (2019) and provide varying degrees of input to help find the most effective solutions for the waste management challenges in the RDBN. It is important for the RDBN to engage the youth in our communities to learn what is important to them to help make better decisions for the future. Youth members will provide input but will not have voting abilities. Applicants must complete and submit this form by February 28, 2022. Responsibilities of the committee are as follows:

- Gathering up to 12 times per year for approximately 1 hour; to join discussions and provide input on-line and at in-person meetings for the next year.
- Provide input on RDBN waste management projects and initiatives.
- Review of reports in preparation for meetings.
- Endorse final strategies and plans for waste and diversion related projects and initiatives.

All committee meetings will be held in Burns Lake. Meals will be provided, and a travel allowance will be considered for those traveling from out of town. Virtual attendance is also available.
