We have audited the accompanying financial statements of the Stuart – Nechako Regional Hospital District, which comprise the statement of financial position as at December 31, 2015, and the statements of financial activities, and of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Stuart – Nechako Regional Hospital District as at December 31, 2015, and its financial performance and its cash flow for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Hospital District Act (British Columbia), we report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year.

Other Matter

The financial statements of the Stuart-Nechako Regional Hospital District for the year ended December 31, 2014 were audited by another auditor who expressed an unmodified opinion on these statements on March 5, 2015.
