To Whom it may Concern :

I'd like to add my name to those who are apposed to the possible construction of a crematorium here in Smithers.

I've done my research and have discovered that the amount of toxic air emissions are astounding !

We've suffered poor air quality in this area of the Bulkley Valley for years.

Why would we add to it? It's a known fact that the rate of cancer in Smithers is one of the highest in BC.

I vote 'no' to a crematorium.

Best

Regards,

Donna Parent
