I am writing to express my support of RZ A 07-21 bylaw 1600, 2021 to establish a crematorium on Henry Rd. The people involved in this project have done the work to bring an essential service to the area that is readily available in residential and commercial zones elsewhere all throughout the province and are doing so with new equipment, manufactured in Canada that surpasses the provincial environmental regulation. The decision to allow this should be an easy one.
